01

ABOUT WOMENITE

Womenite stemmed from an incessant and urgent need to address the ineptitude of a society which was not only functioning on a set of inherently flawed ideals but seemingly thriving on them too. It is a youth-led youth-driven social initiative committed to bringing a change. Through education, love and empowerment we seek to create a society equal in its norms of gender and appreciative of differences. Actualising that dream is our responsibility, and so we call ourselves the changemakers; harbingers of change, not saviours but a wave heralding a do-over. Currently, we are conducting workshops on issues like Menstrual Health, Child Sexual Abuse, Gender Equality and various other topics of consequence in hopes of breaking stereotypes and bringing about tangible change

MISSION:-

Fuelled by a set of commonly shared values and spurred on by our passion, our mission is an unwavering determination to the betterment of society. Being work orientated as we are, we believe in doing rather than the preaching of doing. We work tirelessly towards dissemination of information to raise awareness about issues of consequence and bring about a shift in widespread mentality.

VISION:-

We envision a society based off of not only equality but the softer nuances of feminism. Our vision is helping create a world acceptive and appreciative of people because of who they are and not impose their ideas of gender, sexuality, ability, race, religion, class or caste on others. We believe in love and have faith in the power it exhibits.

MENSTRUAL 2022 HYGIENE

Menstrual Health and Hygiene (MHH) is essential to the well-being and empowerment of women and adolescent girls. On any given day, more than 300 million women worldwide are menstruating. In total, an estimated 500 million lack access to menstrual products and adequate facilities for menstrual hygiene management (MHM). To effectively manage their menstruation, girls and women require access to water, sanitation and hygiene (WASH) facilities, affordable and appropriate menstrual hygiene materials, information on good practices, and a supportive environment where they can manage menstruation without embarrassment or stigma.

According to the WHO/UNICEF Joint Monitoring Programme 2012, menstrual hygiene management is defined as:

"Women and adolescent girls are using a clean menstrual management material to absorb or collect menstrual blood, that can be changed in privacy as often as necessary, using soap and water for washing the body as required, and having access to safe and convenient facilities to dispose of used menstrual management materials. They understand the basic facts linked to the menstrual cycle and how to manage it with dignity and without discomfort or fear.

2022

DELHI

On the eve of independence day our honourable PM
Narendra Modi ji talked about Naari shakti and how our nation can progress if women are given equal opportunities in all fields.
Under the leadership of Aman Preet (IRS) ma'am, our team decided to scale up by taking responsibility of 1000 girls and women (every month) who are unable to afford the basic hygiene during periods.

ASSAM

Team womenite joined hands with INDIA CARES to provide 400 sanitary napkin packs as a part of our campaign in GORUKHUTI USSOTOR MADHYAMIK SCHOOL , DARRANG , ASSAM .
This event was a major success all thanks to Aman Preet [IRS] and Pomi Baruah [OSD,NHM Asssam]

MANIPUR

Team Womenite under the leadership of Aman preet [IRS] ,was able to support sanitory napkin distribution in manipur . we sent over 5000 napkins which were distributed in different orphanges and women's destitute home .
This event was in collaboration with Jashumati Devi Foundation .

2022

DELHI

Team Womenite held a campaign at CIFOUNDATION CENTRE in QUTUB VIHAR , SOUTH DELHI ,
our memebers provided sanitary napkins to over 150 girls and women on 4 Feb , 2022

when covid 19 hit india , we started our END PERIOD POVERTY under the leadership of Aman Preet {IRS} for the following reasons :-

- Girl students had no access to sanitary napkins because of the closure of the schools
- Decrease in the family income resulted in less expenditure by women on their health

The stigma around #periods still continues in our society.

With the hope to address the above issues, we are scaling up our campaign with IWD2022 around to corner.

2022

DELHI

Team Womenite held a campaign at SWARN APARTMENT PITAMPURA , DELHI on MARCH 9, 2022

Our 3rd campaign by our women leaders from Swarn Appartments, Pitampura. Like last year, they invited domestic helpers of the society, educated them about menstrual hygiene management and distributed free sanitary napkins to them.

Lack of education and hygiene facilities during periods is still a challenge in India. It's the responsibility of the privileged to support the people from the community

For domestic workers, the workplace is hence, a daily experience of discrimination. Worse, it is increasingly hostile when they menstruate. Stigmas not limited to bodies, caste and gender simultaneously force them out of the workspace (without pay) and compel them to continue working (without the option of leave). Most importantly, the absence of incentives for accommodation premise both these pressures.

For instance, there is little to no access to bathrooms to change pads in an employer's home, unless you are a live-in domestic worker in which case they might have a separate bathroom.

CUTTACK ,ODISHA

In many areas, there is a significant lack of awareness and access to sanitary products, leading to the neglect of menstrual hygiene. So, what can a woman do when she cannot afford pads? Womenite, recognizing these pressing issues, organized a campaaign .

On the occasion of International Women's Day 2022, our community head Mr. Manas Bastia executed our caampaign ,in GOBARA VILLAGE , CUTTACK DISTRICT , ODISHA , under the leadership of Aman Preet {IRS] .

Periods are still considered as a taboo in our society and in the past 2 years we have distributed more than 10 lakhs sanitary napkins for free and raised awareness among 60,000 girls and women

HEALTH CHECK UP

UDYOG NAGAR, DELHI

Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity. The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, political belief, economic or social condition

Health is a state of complete physical, mental and social well being. For a healthy life cycle, a person needs to have a balanced diet and has to regularly exercise. One must also live in a proper shelter, take enough sleep and have good hygiene habits.

In association with Aakash Healthcare hospital and Udyog Nagar Factory association, our team organised a free health camp where 100 people took the benefit of the check-up of sugar, blood pressure, bones, heart beat, etc

I find myself very fortunate to join this organization, mainly due to the objectives & values they embody. Overall they're doing a great job promoting awareness & education on topics which has always been problematic or ignored in the society. As somebody has rightly said, that women need not have to be equal to men since
